Bad on Lambs.

The snow that began falling Friday morning did not let up until the ground was covered with about eight inches of the "beautiful." There has been considerable loss of young lambs reported from different parts of the county. Saturday and Sunday were rough days on the farmers, who kept in doors. On yesterday the weather was considerable warmer, making things much better for live stock.

Arizona Given Statehood.

It is reported from Washington that there is little doubt but that Arizona will be given statehood at this session of Congress, and that Mark Smith, formerly of Kentucky, will be its first United States Senator.

DEATHS.

Miss Harmon Stitt, aged sixteen years, died Friday afternoon, at the home of her parents, Judge and Mrs. Harmon Stitt, on Second street, after an illness of two weeks with pneumonia. The announcement of the passing away of this lovely young girl cast a gloom over this entire community. Miss Stitt was one of the brightest students of the Paris High School, and as a violinist was a member of the school orchestra. She was studious and ambitious and much beloved by her classmates and a large circle of friends.

She was an unusual bright girl and literary to a marked degree. She was idolized by a devoted father, who was never happier than when in the society of his daughter, the two being much together.

She was the only daughter of Mr. and Mrs. Stitt, and the grief-stricken parents have the heartfelt sympathy of this entire community in the loss of their lovely daughter.

The funeral was held at the residence Sunday, and was private. The interment was in the Paris cemetery.

Important Docket.

The United States Supreme Court reconvened yesterday and took up one of the most important dockets in its history. The American Tobacco Company case overshadows all others in interest and importance, as its decision will settle questions clarifying many points involving the operation and legality of trust or corporation legislation.

Paris Defeats Ashland at Basket Ball.

Friday evening at Ashland, Ky., in the gymnasium of the Y. M. C. A. building at 7 o'clock, the game between the girls of the Ashland and Paris teams was called. The game was refereed by Prof. J. S. Johnson, whose just decisions were praised by all. It was clear from the beginning that Paris was more than a match for Ashland and when the game was finished the score stood 28 to 2 in favor of Paris.

The Paris girls were delighted with the hospitable reception accorded them by the people of Ashland. They were met at the station by the Ashland High School girls and conveyed to the best homes in the city in automobiles and shown every attention and courtesy that could add to their comfort and enjoyment. Paris is grateful to Ashland for her kindness to the representatives of our city and school.

The Paris team has made a record to be proud of. A little more than a year ago Prof. Johnson began coaching the girls in basket ball. No match games were played last year as the gymnasium was not completed and the practice ceased when the weather got bad. This year the training took place in the gymnasium and Prof. Johnson has spent many hours after school coaching the players and they are now recognized as one of the best teams in the State. They have played the following games and lost but one:

At Maysville—Paris, 25; Maysville, 9.

At Paris—Paris, 7; Somerset, 9.

At Paris—Paris, 27; Maysville, 16.

At Winchester—Paris, 20; Wesleyan, 18.

At Ashland—Paris 28; Ashland, 2.

Next game, Paris vs. Richmond, at Paris, Saturday, Feb. 19. We trust the people of Paris will show their appreciation of their excellent team by coming out Saturday to witness the game between Paris and Richmond and thus encourage by their presence. The Ashland Independent said: "The Paris team has been together for two years, have developed team work, skill, and self-confidence resulting therefrom to such a degree that they were able to put up a splendid exhibition of real basket ball."

Elks Entertainment.

The Elks entertainment, which takes place at the Paris Grand on next Friday night, February 18, will be a genuine treat and surprise to the large audience that will be present. From present indications the crowd will surpass that of the famous "Baby Night" of a couple of years ago. Every act on the long program is new, none of it ever having been produced here before. The famous "Chippewa Club" will present a musical sketch which those who have been lucky enough to see some of the rehearsals declare is a hummer and not excelled by any company on the road. The Elks are determined to make this entertainment excel by far any previous effort of theirs. The advance sale of seats will begin at Mitchell & Blakemore's on Wednesday morning and those having purchased tickets from the members of the Elk Lodge may have them exchanged for reserved coupon seats. Do not wait until the night of the show to get your ticket, but get them early and thus be assured of a good seat.

Robins, Ten Cents a Dozen.

Robins are numerous at Lofton, Tenn., and are "selling readily on the market at 10 cents a dozen," according to a Murfreesboro special to the Nashville American. It should be explained that the robins are not so numerous as they used to be, for the fact that they sell for ten cents a dozen has induced many men and boys to engage in the wholesale slaughter of the birds, and we want to endorse the following comment of the Courier-Journal:

Thousands of the robins, the special says, gather in the cedars to roost, and hunting parties go in the night and capture and kill them in large numbers. One party caught 2,600 birds in one night. One hunter caught 377 birds in one tree. It is estimated that 150,000 have been killed within the last three weeks. It is great sport—and the robins sell for ten cents a dozen. That is the way in which wild bird life is being protected in some parts of this great country.

The robin is a beautiful and harmless bird. He is an indefatigable destroyer of insect pests. Anyone who has ever watched him on a lawn can testify to its industry in searching out bugs and worms, and his capacity for putting them where they can do no harm. If there is a cherry tree handy he will visit it occasionally, but he much prefers to forage after living things. He is a cheerful, happy bird and rather likes to make himself handy around the premises, rearing a family the while in the boughs of the old apple tree. He is not much of a singer, so far as the quality of his music goes, but he is always willing to give you a sample of the best he can do in that line, and the effect is not unpleasant to the human ear. In fact, the robin is an all-round good fellow and is always ready to be friendly and serviceable if given half a chance.

It is to be regretted that our neighbors in Tennessee are not giving the robin even half a chance, but are murdering him in cold blood. There really seems to be no reason for it except that the robins are worth ten cents a dozen. That also would seem to be about the proper market quotation for men who engage in such slaughter, either for pleasure or profit.

Cannon Not Alone.

A Taft elector from Ohio, Mr. E. M. Higgins, returned from a visit to Washington a few days ago and gave his impressions to the Ohio State Journal as follows:

"I have seen in the concrete in Washington what I have always known in the abstract, and that is Cannonism and Aldrichism in control of the legislative machinery of the national government, directing the party's policy, suppressing reformative measures, blocking the president in his program, insolent with power, defying public opinion celebrating their successful exploitation of the people and planning further to serve the special interests of which Cannonism and Aldrichism are the agents. I am a Republican. All these evils are done in the name of the Republican party. If these forces of corruption and deplorable political methods are not dislodged the Republican party will collapse by the very weight of them. The issue is becoming more a normal than a political one."

Referring to this interview, the Kansas City Times, a Republican paper, says:

"All of which means, in a word, that if the Republican party is to be

saved by the insurgents, whom Speaker Cannon has been trying to read out of the organization."

But why lay it all on to Mr. Cannon? What about Mr. Taft? Is he not trying to drive the insurgents out of the Republican party. Is it not about time that Republicans recognize that Aldrichism and Cannonism is as thoroughly entrenched in the White House as it is in the capitol building?

A Stern Reminder.

Mr. Roosevelt's suit against the New York World and Indianapolis News has been dismissed by the Federal at New York. It was a mistake to begin these proceedings and the fact that the president of the United States seriously undertook to hold newspapers to account for the criticisms of individuals, seeking to establish that there is such a thing as lese majeste in this country, must have been regretted by thoughtful men in all political parties. The Philadelphia Public Ledger puts it well when, in approving the dismissal of these proceedings, it says:

"Every citizen has access to the courts; the government cannot stretch out its imperial hand and distort a plea of personal libel to the arbitrary suppression of public criticism. The decision is most important, not merely as it concerns the liberty of the press, but as a reminder to those in authority that ours is a government of law."

Bigger Than Personalities.

If the cost of living continues to increase, the masses of the people will awaken to the truth, already realized of a few leaders—that there is a vital relation between legislation and life, and that the quarrels between political leaders of the Aldrich-Cannon type, and those who would see them succeeded by others, involve issues bigger than personalities.

Increase in Cost of Religion.

The price of Bibles will go up on March 1, according to an announcement by a large Chicago Bible publishing house, which has branches in Cincinnati, Kansas City and San Francisco. The cause for the advance is the enforcement of the new tariff on imported leather and paper. "Bibles are now about 20 per cent higher than they have ever been before," said a member of the firm. "The material for the best Bibles have gone up so high in price on account of the tariff that we cannot afford to sell our output at prices now listed."

Looking for Trouble.

The Maryland Legislature, not to be outdone by that of Texas in lengthening the bed sheets, has proposed, through one of its members, the Hon. B. M. Wittig, of Alleghany, to cut down the diameter of female headgear to ten inches. Mr. Wittig's bill says: "It shall be unlawful for any woman to wear in any public place, or upon any public street, a hat the diameter of which shall be more than ten inches; or for any woman to wear or have upon her head any hat of any description in any theatre or concert hall when any performance shall be in progress."

"Any violation of this section shall be punishable, upon conviction before any Justice of the Peace, by a fine of not less than \$10 or more than \$100, or to confinement to the jail in the county or city of not less than thirty days nor more than three months, or by both fine and imprisonment, in the discretion of the court."

PEALE COLLIER & CO.

—One of the most beautiful social events ever witnessed in Millersburg, was the dance given by the Senior class of the Millersburg Military Institute Friday evening. The spacious drill hall was decorated with the colors of the class, garnet and blue. This color scheme was carried out in all the details. Large streamers, flags and pennants made very beautiful decorations.

On account of the inclement weather the refreshments were served in the hall. These consisted of sandwiches and ices. Promptly at eight o'clock the grand march, led by Captain W. P. Kemper and Miss Susan Llewellyn of Lexington, was begun. Following these were the Seniors, composed of the following cadets: William N. Fant, Marvin N. Gay, Thomas Hargis, Frank G. Hinnan, Thomas Howard, Malcolm Linville, J. Clarke Leer, Jesse Miller, David Monsch, Oscar Rankin, George Reynolds, Lewis P. Watson. Immediately after the march, time was given the dancers to fill out their programs.

Among the out-of-town guests were Misses Elizabeth McFarland, Hettie Frazee, Sarah Chenault, Eleanor Brogie, Katherine Hogart, Lula Oney, Nell Skain, Kathryn Cockrell, Mary Vimont, Ethelyn Egbert, Mary Belle Walker, Sarah Kaufman, Martha Shanklin and Annette Martin, of Lexington, chaperoned by Mrs. Tandy Hughes; Effie Weaver, Kathryn Sackett, Louisville; Dorothy Collins, Cincinnati; Ollie Wood and Nell Tipton, Mt. VILLAGE UNDER THE GROUND

Remarkable Community in Austrian Poland Has Its Home in Ancient Mine.

Deep in the salt mines of the hamlet of Villiczka, in Austrian Poland, some 11 miles from Cracow, lies a veritable underground village which dates away back to the days when slaves first opened these mines in 1334. It is a busy subterranean human hive, all the busier in contrast with the sleepy hamlet above. In fact, all the life of the settlement is concentrated below ground. The air is clean and the temperature that of a warm spring day. The center of the mine is situated in a sort of court which forms a railway station. Here all the railway lines which intersect this huge mine meet. Men and women go above ground to do their marketing, and meet in this court on their return to gossip and compare their bargains. Children play about in the shade of the grottoes and sail boats in the gutters, running with salt water. These gutters were made hundreds of years ago to get rid of the moisture which runs from the upper floors of the mine, and lead down to the very bottom, forming a huge salt lake, the water of which is gradually pumped off and distilled to obtain salt. So difficult and expensive is it to light up the whole mine that visitors must make up a party of at least 30 and pay various sums according to their number. No less than 260 steps lead down to the salt lake, and it is there that the Chapel of St. Anthony stands.

STOCK, CROP AND FARM NOTES.

—In this issue of the News will be found the advertisement of W. A. Bacon, of Maplehurst Stock Farm. He has two stallions, as will be seen by reading his advertisement that are high class in every way. Locanda 2:02 and Norab 36915. When is recalled that less than two dozen harness horses of either gait have ever in the history of the breed obtained a record of 2:02 it will be admitted that is a very great honor for Mr. Bacon to own one to this class to offer his services to the harness horse breeders of Kentucky.

Locanda's record of 2:02 an especially honorable one because it was made in a race which he won, and in a second heat, and where he defeated all the crack pacers of the year. So that at the outset it must be conceded that Locanda's record proves him to be one of the greatest of the small number of horses that have possessed the extreme flight of speed.

Norab 36915, trial 2:18 trotting, is Mr. Bacon's other classy stallion at Maplehurst.

Baron Wilkes 2:18 has never sired a better individual than Norab. He is a brown horse, six years old full is full sixteen hands high, of splendid bone and substance. He is the result of mating developed ancestors, trotters tried by the crucial test of actual racing, and he himself has trotted a mile in public in 2:18.

A breeder that desires looks, class speed and endurance should see Mr. Bacon before booking his mares the coming season.

—President Clarence Lebus of the Burley Tobacco Society, purchased Friday from Mr. Charles H. Berryman of Elemendorf Farm, about thirty-six acres of land within one mile of Lexington on the Maysville pike. The land is located between this city and the Country Club, and was originally a part of the Wickliffe es. etc.

—Dr. Knapp said there were three factors underlying successful farming as to crops. First: A better seed bed. Second: Better seed. Third: Better cultivation. A better seed bed means deeper and more thorough ploughing and working. In the case of grass land a turning up on edge of the turf and a deep working to 12 to 15 inches of the soil with a disc plow. Better seed means care in selection and curing means the establishment of a breeding plot and the raising by the farmer of his own pure bred seed. Better cultivation means not a deep cultivation which will cut off many of the feeding roots of the plant but a shallow and frequent cultivation which shall prevent evaporation of water and destroy weeds. Shallow plowing and deep cultivation are two conditions of a poor crop.

Passed in House.

The House Friday passed the Louisville "Ripper" bill abolishing the office of City Attorney, and creating a department to be known as Corporation Counsel. The Republican members claimed that the bill was taken up out of its regular order, but their protest was overruled and the bill passed.

The Carter bill, providing for a uniform system of school text books passed and the bill providing for an Arbor and Bird day to be observed by all the schools, was also passed.

Postal Banks Unconstitutional.

It is now believed that there is serious doubt about the constitutionality of the postal savings bank bill in its present form. Senator Root's amendment, providing for the investment of deposits in United States bonds, it is believed, is designed to give the measure a constitutional basis and to pave the way for a Central Bank.

Didn't Make Good Impression.

Minority leader "Champ" Clark and other leaders in Washington do not believe that the President's Lincoln day speech strengthened either the administration or the Republican party. They stated that the generous applause given the utterance came from those under obligations to the Republicans for favoritism or those who are seeking office under the administration and that it contained nothing new, convincing or indicative of serious purpose to accomplish needed and promised reforms.

Good Jobs for Men.

Despite the general idea that government jobs are hard to obtain, Uncle Sam is experiencing difficulty in finding men to fill them. The Civil Service Commission is finding it especially hard to get men stenographers. There are plenty of women candidates, but the commission wants men. The examinations have been pared down to the limit in the hope of getting more applicants but still there is a dearth of men for the places which pay well and offer good opportunities for promotions.

Baptized in the Icy Ohio.

Rev. Wm. Price, pastor of the Bethel Baptist church, colored, Sunday afternoon baptized seven negro women in the Ohio river at Maysville. A large crowd witnessed the ceremony which took place from a ferry boat. The thermometer registered several degrees below freezing point while the river was filled with ice and the temperature of the water stood about twenty degrees above zero.

165 Jerseys Enroute to Elmendorf

One hundred and sixty-five of the finest Jersey cattle that can be bought in England are now enroute to this country from England on the steamer Minnehaha for Elmendorf farm. There are five bulls and one hundred and sixty-five cows and heifers in the herd and with the arrival of these Elmendorf will have in round numbers five hundred fine Jersey cattle. All the cattle now being brought over were selected especially for Elmendorf by Dr. William Geddis, who has represented the United States Government abroad in that branch of the Department of Agriculture for the past fourteen years. Thirty of the cattle are from the famous herd of Lord Rothchild, and all of them are the very cream of the English herds.

Federal Registration of Automobiles.

To urge upon Congress the proposed law for federal registration of automobiles and to promote uniform motor vehicle legislation in the States, a national legislative conference under the auspices of the American Automobile Association will begin at Washington with a preliminary meeting today.

The Governor of twenty States have named delegates. It is the purpose of the federal registration to allow an automobile owner, after complying with the requirements of the motor laws of his own State, to obtain federal registration at a nominal fee, which will permit him to motor through any State in the Union without paying a succession of taxes and making a series of registrations.

Duroc Sows Sell High.

The Ohio Sale Circuit of Duroc bred sows was one of unusual high quality and price. Tom Johnson sold sixty head at a \$60 average. White Hall Farm sold sixty head at an average of about \$60. Wyatt & Forest sold fifty-five head at about an average of \$58. Ira Jackson sold sixty head at an average of about \$90. S. E. Morton sold sixty head at \$80 average. The Kentucky buyers were there and brought home some of the best individuals and highest priced ones sold. Alexander, of Midway and A. P. Adair, of Paris, Spurr, of Lexington, and Martin, of Midway, being the strongest buyers. There were shipped to Kentucky something like \$3,000 to \$3,500 worth of these Duroc sows. Our State is surely coming to the front to take her old place along the line of raising pure breeds.

Hemp Growers Complete Pool.

The hemp growers of the several producing counties met at the Phoenix Hotel, Lexington, yesterday afternoon to complete the plans for the pool which the growers are forming. From the reports of the representatives of the various counties it is thought by those interested that more than 50 per cent of the hemp that will be grown in the State has been pledged in the pool.

The meeting was presided over by Senator J. W. Newman, of Woodford county.

Among those present were: O. F. Troutman and Everett Farra, of Jessamine county; Messrs. Roe, Walsh and Shelby, of Shelby county; Messrs. Webber, Woodford and Taylor, of Bourbon county; Messrs. Chenault, Walker and Newman, of Madison, Garrard and Woodford counties, respectively.

Gone East.

Mr. B. A. Frank, of the dry goods firm of Frank & Co. left Saturday for New York to purchase the spring and summer stock for his firm. Mr. Frank's knowledge of the trade peculiarly fits him for the selection of the new spring goods for the trade of this old reliable firm. He informed us before leaving that he intended to purchase one of the choicest line of dry goods and notions that will be seen in Central Kentucky the coming season.

Handsomeness from a Distance.

The enterprising firm of A. J. Winters & Co., jewelers, of this city, received orders last week from St. Joseph, Mo., for the following: Elegant silver service piece \$650.00, Ivory toilet set to cost \$1,000, and an elegant oyster cocktail set that is on exhibition in his beautiful show window that brought \$135.00. This certainly speaks well for this popular firm and the above is only a few of the orders received from a distance as it is almost a weekly occurrence for them to receive handsome orders from distant states.

Capt. and Mrs. Moore Injured by a Fall.

An accident which was quite a painful coincidence happened to Capt. T. E. Moore and his wife Saturday morning at their home in Lexington, causing the fracture of his arm, and the dislocation of Mrs. Moore's arm at the shoulder. They are both reported to be resting well and no serious results are expected. Captain Moore arose early and went out on the back porch to open the lattice door for the servant. He slipped on some snow that had sifted through the lattice work onto the porch and fell, breaking his arm. Mrs. Moore heard the fall and calling the other members of the family they brought Capt. Moore to his room and summoned the doctor. Then Mrs. Moore went to the porch and had the same sort of a fall and dislocated her arm.

Capt. and Mrs. Moore are the parents of attorney T. E. Moore, Jr., of this city, and are popular with a host of friends in Bourbon, who only hope they will soon recover from the effects of their fall.

PERSONAL MENTION.

—Mr. W. H. Blakemore is visiting his brother and sister in Chicago.

—Mrs. Morris Renick, of Middletown, O., is the guest of Mr. and Mrs. W. H. Renick, on High street.

—Mrs. Amos Turney, of near town, spent Sunday with Mrs. J. F. Walton at Madison Place in Lexington.

—Misses Mabel and Lula Lyons, of Lexington, were the guests Saturday and Sunday of Miss Hazel Cottingham.

—Mrs. Samuel Biggs and two little sons, of Huntington, W. Va. are guests of the former's parents, Mr. and Mrs. E. B. Hedges.

—Susie Margaret, the little three-year-old daughter of Mr. and Mrs. M. L. Leach, is quite ill at the home of her parents on Seventh street.

—Mrs. John Young Brown, Jr., and Miss Cora South Brown, of St. Louis, Mo., are expected here on February 21, to visit Mrs. J. M. Hall.

—Hon. and Mrs. J. C. W. Beckham, of Frankfort, were guests yesterday of Mayor and Mrs. J. T. Hinton. They were enroute for a month's stay in Florida.

—Miss Lucile Morris, daughter of Mr. and Mrs. J. C. Morris, left Saturday for Frankfort to accept the Principalship of Miss Scott's Select School where she will teach Geometry, Latin and French.

—City Clerk A. C. Adair left for several weeks visit to his mother, Mrs. Mary B. Adair, in Mt. Sterling, to recuperate his health. Bruce K. Adair will act as City Clerk in the absence of his father.

—The Parisian, a Paris, Tenn., paper, says: "Characterized by her usual elegance and good taste, was the reception given in compliment to her guest, Mrs. Thompson Tarr, of Paris, Ky., by Mrs. Alexander B. White, on Friday afternoon, of last week. The hands me White home, with its costly furnishings was a bower of floral beauty. In the hall palms and green foliage were used in decoration; in the parlor and dining room was a profusion of graceful long-stemmed Killarney roses; in the library jonquils gave an air of cozy beauty. The dining room was lighted with tapers in cut glass candlesticks. The hostess wore crepe de chene, lace and pearls. Mrs. Tarr wore a handsome gown of white, lace trimmings. Mrs. White was assisted in receiving by Mesdames Barton Johnson, Dunlap and Lamb. Frappe was served in the drawing room by Misses Kate Johnson, Grace Lewis and Hallie Morton. The dining room refreshments were dispensed by Misses Hinda Rison, Nellie Rye, Birdie Greer, Louise Weldon and Lucile Lamb."

The Post-Intelligencer, of the same city, contains the following: "During the week there have been a number of brilliant entertainments in this city to compliment Mrs. Thompson Tarr, of Paris, Ky., house guest of Mrs. Alexander B. White."

"On Tuesday afternoon Mrs. R. L. Dunlap was hostess at the first of the series at which the San Souci club and a few outside friends were guests."

"Tuesday evening Mrs. F. M. VanCleave was hostess at a euchre in which there were seven hands."

"Wednesday evening Mrs. White entertained two tables at bridge."

"Thursday afternoon Mrs. Darling D. Morton was hostess at bridge."

"Thursday evening Mrs. Lafayette Moore entertained at bridge."

"This afternoon Mrs. John R. Rison will be hostess at a bridge party."

"On Friday evening Mrs. W. C. Johnson will entertain at a six o'clock dinner."

"The week of hospitalities for Mrs. Tarr will end at a bridge party Saturday evening at which Miss Clyde Trevathan will be hostess."

Colored Knights of Pythias Robbed.

The colored K. of P. Lodge Garfield Division, No. 12, was robbed on their last meeting night of \$51 in cash. The meeting was well attended in U. B. E. Hall, on Eighth street. It was the night to pay dues and \$81 in coin was paid to the treasurer Henry Lee. The money was put into an empty shot bag that the treasurer had for that purpose. After the business of the meeting was closed, Treasurer Lee placed the bag of money on his desk and turned to put on his overcoat. When he started to leave the hall he turned to his desk and the money had mysteriously disappeared. A number of members had gone, but was quite a number still in the lodge room when the loss was announced. Every member there agreed to be searched, which was done, but no trace or clue to the missing money bag was found. Some needy member must have unconsciously picked up that bag and carried it home with him for a rainy day and to pay future dues.

Merely a Suggestion.

There are a number of extensive improvements to be made in Paris in the near future, one for instance is the erection of the big steel bridge over Houston Creek y the L. & N. in place of the present iron structure. Now we want to suggest that the Paris Commercial Club, the city and county officials and all enterprising citizens of this community, join hands and make every effort to have the big abutment of the L. & N. bridge on North Main moved back farther so the dangerous curve on Main street at this point can be remedied. This has for years been a dangerous part of Main street, and while it might cost a considerable sum to improve this abrupt curve, yet it would be one of the greatest improvements that could be made in Paris. The driver of a vehicle in going down the hill on North Main cannot see a vehicle coming in the opposite direction until they meet on the sharp curve under the bridge. A number of accidents have taken place at this point and the time is now at hand for this improvement. Let everybody begin talking and get the ball rolling and public sentiment will do the rest.

CITY RESIDENCE

The undersigned assignee of Mrs. Samantha Walls, will on

Monday March 7, 1910.

being county court day, about the hour of 11 o'clock, a. m., expose to public sale at the court house door in Paris, a very desirable city residence located on the East side of Main street, Paris, Ky., and bounded as follows, in deed from Stamler and wife to Samantha Walls:

"A certain lot of ground and all the improvements thereon, situated on the south side of Main street, Paris, Ky., fronting 54 feet, more or less, on said street, running from the corner of J. T. Sharrard to the center of the driveway between the property herein conveyed, and the property of the first parties, and running back of equal width a distance of 21 feet more or less, bounded on one side by the property of J. T. Sharrard and on the other side by the property of Harry Stamler and Gertrude Stamler; and the parties of the first part expressly reserved the right to the center of the driveway which lies between the property conveyed herein and the property of the first parties, but grants to the second party the same rights."

The above residence is a modern two-story frame dwelling of seven rooms, with all modern conveniences; electric lights gas and water. The house is of good materials and workmanship. Healthful and desirable surroundings, good neighborhood, convenient to business center and near the interurban railroad. A rare opportunity to purchase a desirable home.

TERMS—Credits, of six, twelve and eighteen months for equal parts of the purchase money, the purchaser to execute bond with good surety, bearing six per cent interest from date.

Dr. Hyde Arrested.

Dr. B. C. Hyde, whose wife is a niece of Col. Thomas H. Swope, the Kansas City millionaire, was Friday arrested on a warrant charging him with the murder of Col. Swope. The prosecuting attorney consented to bail being fixed and Dr. Hyde was released after furnishing bond in the sum of \$50,000.

Life on Panama Canal

has had one frightful drawback—malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, lassitude, weakness and general debility. But electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucama, N. C., "and I've had good health ever since." Cure stomach, liver and kidney troubles, and prevent typhoid. 50 cents. Guaranteed by Oberdorfer, the druggist. feb

Lexington Tax Rate.

After spending about two weeks carefully preparing down all of the necessary appropriations, the joint ways and Means Committee of the Lexington City Council at last presented an appointment ordinance by which the city tax rate for 1910 will not exceed \$1.75 on the \$100, and the ordinance was passed by the Council. The rate heretofore has been \$1.73. It is said that Mayor Skain, of Lexington, will at the next meeting of the Council ask that the saloon license in that city be raised from \$150 to \$500.

The Best Hour of Life

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C., when he was suffering intensely, as he says, "from the worst cold I ever had, I then proved to my great satisfaction, what a wonderful cold and cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." Its surest and best remedy for diseased lungs, hemorrhages, lagrippe, asthma, hay fever—any throat or lung trouble. 50c and \$1.00. Trial bottle free. Guaranteed by Oberdorfer, the druggist. feb

When Teddy Comes Home.

When Col. Theodore Roosevelt steamed up New York harbor, wipes the dust of Africa from his shoes on the national doormat and settles down to be received, the seat of Government will shift from Washington to New York, according to present indications. Cabinet officials, members of Congress and minor officials are scurrying about to get aboard the Roosevelt reception band wagon, and filling the air with hunches for Bwana Tubmo. It looks today as if "Teddy Day" would find Washington a deserted village; says a correspondent from the seat of Government.

"Pony Store" Blown Up.

The house known as the "Hanover Poolroom," near Lawrenceburg, Ind., was blown up by dynamite Friday night.

The building was wrecked and the watchman had a narrow escape for his life. The explosion occurred shortly after 10 o'clock, and a few minutes previously the young son of the watchman, returning home, noticed the bomb with a burning fuse. He rushed into the house and awoke his father, who escaped in his night clothes barely in time.

The house was well known among the "sporting" fraternity throughout the country. It was understood to be operated by Cincinnati racing men, and last summer was the object point of numerous excursions.

Gits "Jim Crow" Case Before Supreme Court.

A Washington special of Tuesday says: "Lincoln birthday finds newly on file in the Supreme Court of the United States, the brief of a negro lawyer, who bases his protest against the 'Jim Crow' passenger car of the Chesapeake and Ohio railroad in Kentucky not so much on the legal decisions in secular counts as on citations from the Old Testament. J. Alexander Chiles has brought a case to the court in which he claims he was deprived of his rights as an interstate passenger, in traveling from Washington to Lexington, Ky., on a through ticket, by being required at Ashland, Ky., to take a coach designated for negro passengers. On the defense that this requirement was in regulation of the railroad, the lower courts dismissed Chiles' suit against the railway company.

"Recently Chiles, who is himself a lawyer and associate counsel, heard that an attempt would soon be made in the Supreme Court to have the appeal dismissed, and his brief is an opposition to such dismissal."

Chiles, is a negro lawyer, who is a member of the Lexington bar.

Staggers Skeptics.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove its a wonderful healer of the worst sores, ulcers, boils, felonies, eczema, skin eruptions, as also chapped hands, sprains and corns. Try it. 25c at Oberdorfer's drug store.

State-Wide Prohibition Bill.

Thursday Representative George C. Waggoner, father of the county unit bill, introduced in the Legislature two measures, the purpose of which is to secure state-wide prohibition in Kentucky. One bill is to prevent the manufacture or sale of any spirituous, vinous or malt liquors in Kentucky and providing a penalty for its violation, by amending Section 61 of the Constitution giving the people of the State the right to vote for or against state-wide prohibition. The companion bill offered by Representative Waggoner is to prevent the sale of liquor in any city in Kentucky within 400 yards of any school or church.

Mayor Gaynor for President.

Mayor Gaynor, of New York City, is likely presidential timber in the eyes of some Missouri Democrats. He received a letter Friday inviting him to attend a dinner in Springfield, Mo., on April 18, the 167th anniversary of the birth of Thomas Jefferson, and the invitation intimates that he is looked on in Missouri as the National leader of Democracy in 1912.

The Mayor has not yet signified his assent, but it is understood that arrangements are under way to launch his boom whether he attends or not. Those acquainted with the movement there say that Mr. Henry Watterson has been asked to propose the toast, "Has New York Another Tilden" and that former Judge Augustus Van Wyck has been asked to answer "Yes."

"The people of this section are much interested in the splendid work you are doing for the cause of good government," the invitation reads, "and we will be prepared to give you a cordial and enthusiastic welcome."

"Missouri Democrats are already anticipating a victory in 1912, and many are beginning to believe that New York will furnish our National leader."

Piles! Piles! Piles!

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you in loins, side, back, groins and bladder? Have you a flabby appearance of the face, especially under the eyes? Too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you—at Druggists. Price 50c. Williams' Mfg. Co., Props., Cleveland, O. For sale by Oberdorfer.

American Exports Falling Off.

Exports from the United States of breadstuffs, meat and dairy products, cattle, hogs and sheep, cotton and mineral oil, were less by \$22,123,601 during the month of January this year than during the same month last year.

There was a decrease in the exports of these products during the first seven months of the present fiscal year of \$18,254,833 as compared with the same period of the late fiscal year.

Wheat to the value of \$1,490,863 was exported last month, a decrease of \$2,001,362 over the wheat exports of January 1909. In cotton there was a decrease from \$52,517,999 in January 1909, to \$37,672,378 last month, and in meat and dairy products from \$13,579,756 to \$10,361,663. In corn there was a slight increase in quantity, but a decrease in value.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Oppose Pension of Peary.

"Commander" Robert E. Peary, discoverer of the North Pole, will not be given the rank of Rear Admiral in the navy, as proposed, in recognition of his services as an explorer, if Congress approves the action of the subcommittee of the House Committee on Naval Affairs, which voted Friday to report adversely the bills by Senator Hale and Representative Allen. The committee of six members voted unanimously against bestowing the honor upon Mr. Peary.

A letter from Secretary Meyer was received by the Naval Committee, giving Mr. Peary's naval record and stating that he should be designated as "civil engineer" and not commander.

Secretary Meyer said Mr. Peary enlisted on October 26, 1881, and that he had a total of more than ten years in various leaves of absence. The Secretary spoke of Mr. Peary's discovery of the pole, as "a self imposed" but most commendable task, having no military or naval significance, and recommend that Mr. Peary be retired as a civil engineer with the pay of a Rear Admiral.

Coy's Slayer Hangs Himself.

Nick Muntz, who shot and killed Elva Coy in Harrison county two months ago, believing Coy to be a night rider, committed suicide by hanging himself in a barn near Sylvan Dell Friday afternoon at three o'clock and was dead when found.

Muntz returned from a sanatorium in Lexington Thursday night and it was thought his condition was much improved, although there is no doubt his mind was affected before the killing.

Muntz's trial was to have been held at the February term of the Harrison Circuit Court and he was out on a ten thousand dollar bond signed by a number of Harrison county's most prominent citizens.

County Unit Bill Side-tracked.

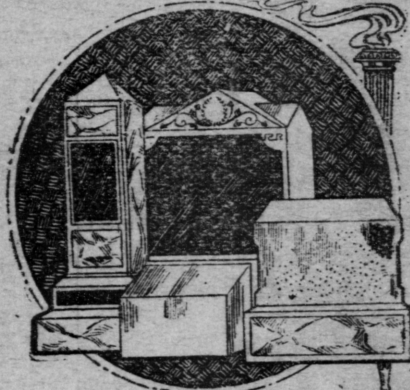

G. C. Waggoner, of Henry county, made another futile attempt to set aside the rules Friday and force a vote in the Kentucky House on his county unit bill. To do this, it was necessary for him to get a two-thirds vote on his motion to set aside the rules. He was able to muster but fifty-four votes, thirty-one Representatives voting against the motion.

Cures Dyspepsia; Trial Is Free

It is a popular mistake that only
wealthy people who eat rich and
highly-spiced foods suffer from dys-
pepsia, or, as it is also known, indi-
gestion. The laborer in the street,
the worker in the field also finds him-
self a victim of this disorder. Among
the very greatest sufferers from it are
women.

Dyspepsia is indicated by a constant
feeling of laziness, by loss of appetite and
troubled sleep, by sour stomach and dis-
tress after eating, by bad complexion and
lusterless eyes.
There is no surer and speedier cure for
this trouble than Dr. Caldwell's Syrup
Pepsin, which dyspeptics have been using
successfully for twenty years. This great
herb laxative compound cured Capt. Clark
of Buffalo, Ia., of dyspepsia and sour
stomach that he had had for forty years,
or until the lucky day that he heard of
Dr. Caldwell's Syrup Pepsin. It cured
Joel Adams, of Montgomery, Ala., after
suffering continuously for sixteen months.
These are only a few of the many. But
it is not expensive to be cured with this
grand remedy, as it can be bought at any
drug store in a 50-cent or \$1 bottle.

Your very neighbors are probably life-
long users of Dr. Caldwell's Syrup Pepsin,
but if you want to know without expense
what it will do for you personally, send
your name to Dr. Caldwell and he will be
glad to send you a free trial bottle. He
is actually anxious to have you make a
test of his remedy.

Thousands of families everywhere keep
it in the house against such an emer-
gency as constipation, sour stomach, in-
digestion, biliousness, dyspepsia, heart-
burn, torpid liver, etc., which may come
on a member of the family any day. It
is pleasant to the taste, acts gently and
does not gripe. It is the great children's
laxative tonic.

If there is anything about
your ailment that you don't
understand, or if you want
any medical advice, write
to the doctor, and he will
answer you fully. There is
no charge for this service.

Serious Charge Against State Senators.

The closing session of the annual
convention of the Kentucky Anti-
Saloon League was thrown into a tur-
moil at Frankfort Monday afternoon
when Senator J. J. Watkins, smarting
under the treatment his anti-whiskey
measures have received in the Legisla-
ture made the sensational charge that
four Senators had sold out to the
liquor interests. He was speaking be-
fore the convention of his work for
the County Unit bill. He said in part:

"I do not know this of my own
knowledge, but I know as well as a
man can know anything that he has
not heard and seen with his own ears
and eyes that four Senators sold their
votes for a total of \$20,000."

Senator Watkins said that at the be-
ginning of the session those favoring
the county unit bill counted on twenty-
two Senators and now they could count
on only sixteen, and he believed that
something was wrong. He said he
could not prove the charge that the
Senators had sold their votes for \$20,-
000, but he believed it to be true.

A committee was appointed in the
Senate Tuesday to make thorough in-
vestigation of these charges.

Struck a Rich Mine.

F. S. W. Bend, of Coal City, Ala., says
he struck a perfect mine of health in

cured him of liver and kidney trouble
after 12 years of suffering. They are
the best pills on earth for constipation,
malaria, headache, dyspepsia, debility.

All to Be Snuffed Out.

"If the astronomers are right in
their estimates of the amount of
cyanogen gas in the tail of Halley's
comet, and if that body's vapors do en-
velop the earth, we may have chance
to feel the sensations of bugs and in-
sects which are killed by the use of
this deadly gas as an exterminator."

Such is the cheerful opinion expres-
sed Wednesday by Prof. Edwin Booth,
of the department of chemistry at the
University of California. He is a well-
known expert on spectrum analysis.

"We'll all be snuffed out," he said,
"if a sufficient quantity of this cyan-
ogen gas unites with the hydrogen of
this planet's atmosphere. Their union
would form the deadly gas known as
hydrocyanic acid, which is the most
deadly poison known to science
and which means death for all animals."

Prof. Burckhalter, of the Chabot
Observatory, Oakland, maintains
on the other hand that there is very little
gas in the comet's tail and that people
have nothing to fear.

Fritzi Scheff.

Charles Dillingham will present Fritzi
Scheff at the Lexington Opera
House Thursday, Feb. 17, in her latest
comic opera success, "The Prima Don-
na."

"The Prima Donna" is the best
vehicle Fritzi Scheff has yet had as a
star, being written for her by Henry
Glossom and Victor Herbert, who also
furnished her with the charming
"Mlle. Modiste." Glossom's book is
said to be witty and yet dramatic,
while Victor Herbert's music is of the
same usual Herbert standard and tune-
fulness. The company numbering one
hundred people, is one of the most
prominent ever organized in Ameri-
ca for a light opera. It includes such
well known names as John E. Har-
vard, Fernon Davidson, William K.
Harcourt, Donald Hall, Martin Hay-
den, Gilbert Clayton, Philip Branson,
Armand Cortes, Fred Killeen, Anna
Sham, Lillie Salinger, Grace Del-
mar, Maxine Verande, La Noveta,
Atherine Stewart, Virginia Reid and
many others.

Fritzi Scheff, it will be remembered
is the wife of Mr. John Fox, Jr., the
old Paris boy, who is now a noted au-
thor. There will be a large delega-
tion that will go up from here to hear
Fritzi.

The Fate of the Onelda.
One of the most extraordinary catas-
trophes that have befallen vessels of
the United States destroyed the sloop
of war Onelda in 1890. She was bound
homeward, with a jolly ship's com-
pany, eager to see wives and sweet-
hearts and native land once more,
when not far out of port she was
struck by the British steamer Bombay
coming in. The stem of the Bombay
cut off the stern of the Onelda. The
ship was sinking rapidly, and guns of
distress were immediately fired, but
the Bombay steamed on her way and
left the vessel to her doom. She went
down, and all but one or two of her
crew were drowned. The captain of
the Bombay gave no other reason for
his conduct than that he had Lady
Eyre, the wife of a distinguished British
satrap, on board and did not wish
to disturb her nerves with scenes of
shipwreck. He was mobbed when he
reached Yokohama, dismissed from
the service, socially tabooed from that
time on and died in disgrace a year or
two later.

Where Hypnotism Failed.

When Daysey Mayne Appleton re-
turned recently from a party where
the influence of several minds over one
had been the evening's entertainment
and told her mother how six girls,
with their minds bent on one thought,
had made a man stand on his head,
another man at their silent command
had tried on a woman's hat and an-
other man had tried to eat water with
a fork. It put a suggestion into Mrs.
Lysander John Appleton's brain. That
evening when Lysander John came
home his wife and four daughters sat
in a circle with their hands covering
their faces and their heads bowed. To
all his inquiries they said nothing, and
at last, fearing they had gone mad, he
sent for the doctor. "We concentrat-
ed our minds on the thought that Ly-
sander John must give us \$5 each, and
instead of that we have a doctor bill
to pay," sobbed Mrs. Appleton, "and
they said it would be particularly easy
to work if the man's mind was a
blank."—Acheson Globe.

To Get His Money's Worth.

In a village near Edinburgh there
lived an old baker and his son. Their
trade was in a flourishing condition,
but unfortunately in the midst of their
prosperity the old man, who had once
been a great drinker, turned insane.
The son, who was renowned for his
love of money, was forced to put him
in a lunatic asylum and, according to
the terms of the establishment, to pay
a fee for three months in advance,
amounting to £30. The old man was
scarcely in a fortnight, however,
when he died. The son, thinking to
raise an action against the establish-
ment for the recovery of the fee, as he
termed it, unused money, inquired of
an old lawyer who was a bit of a wag
whether he thought it would be pru-
dent to try to recover the money or
not. The chip of the law, putting on a
grave face, replied seriously, "I've no
think it was best to gang and put
in the rest o' the time yerse!"

He Saw a Great Light.

Wrecks on the coast of Cornwall,
England, were once a source of reve-
nue to the natives. A writer says
that in the local dialect "the folks on
the coast teach their children to say
in their prayers night times, 'God bless
father an' mother an' zend a ship to
shore vore mornin'." The Cornish
folk were great smugglers too. The
Rev. R. S. Hawker had in his service
as man of all work old Tristram Pen-
tire, the last of the smugglers. One
day he made to the vicar this notable
confession: "Well, sir, I do think
when I come to look back and to con-
sider what lives we used to live—
drunk all night and idle abed all day,
cursing, swearing, fighting, gambling,
lying and always prepared to shoot
the gauger—I do really believe, sir, we
surely was in sin!"

Brought Down the House.

On one occasion, when Arthur Rob-
erts, the English actor, was perform-
ing the part of Captain Crosstree in
the burlesque of "Black Eyed Susan"
at Glasgow he converted an awkward
countrempis into a hit. In one of the
scenes Crosstree entered supposed to
be lubricated and staggered about the
stage. In doing so Mr. Roberts acci-
dentally came in contact with the
scenery of the inn, bringing the whole
set down. The curtain had to be low-
ered, and the vivacious comedian
came to the front and said, "Ladies
and gentlemen, you see when we come
to Glasgow we always bring down the
house."

The Generous Barber.

"Here, I say! Be a bit more careful
with that razor. That's the second
time you've cut me."
"Well, well, so it is. But there! I
always deduct a ha'penny for every
cut. Why, it's nothing for a man to
go out of here having won fourpence
off me."—London Tatler.

Might Be on One's Nose.

"Don't get down in the mouth, old
man," said the optimist. "Look on the
bright side of things."
"That's all very well," mournfully re-
plied the sufferer, "but what is the
bright side of a gumboil?"

Belated.

"I understand that Fraillman has
come to the conclusion to contest his
wife's will."

"Well, what is there courageous
about that? She's dead, isn't she?"

The Touch of Fortune.

"What do you think, my dear? Such
luck! We leave for Paris in an hour."
"Yes, we're going to Pasteur's. My
husband has just been bitten by a
mad dog."—Bon Vivant.

Woman's Power Over Man

Woman's most glorious endowment is the power
to awaken and hold the pure and honest love of a
worthy man. When she loses it and still loves on,
no one in the wide world can know the heart agony
she endures. The woman who suffers from weak-
ness and derangement of her special womanly or-
ganism soon loses the power to sway the heart of
a man. Her general health suffers and she loses
her good looks, her attractiveness, her amiability
and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N.Y., with
the assistance of his staff of able physicians, has prescribed for and cured many
thousands of women. He has devised a successful remedy for woman's ail-
ments. It is known as Dr. Pierce's Favorite Prescription. It is a positive
specific for the weaknesses and disorders peculiar to women. It purifies, regu-
lates, strengthens and heals. Medicine dealers sell it. No honest dealer will
advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG,
SICK WOMEN WELL.

Quail Dying.

Nicholas county is again in the grasp of one of the worst blizzards of the season. A heavy drifting snow has fallen, accompanied by strong winds and low temperature, and much suffering is reported, especially among live stock.

Quail continue to perish, and it is believed if the present spell of weather continues they will be practically wiped out of existence in Nicholas county. On account of the drifting of the snow, traffic is carried on with great difficulty, and tobacco growers are finding it difficult to make their deliveries on schedule time.

Trial Postponed.

Mrs. Jeanette Stewart Ford will not be tried a second time in the indictment charging her with blackmailing Charles L. Warriner until the Ohio Supreme Court passes upon the point raised in the first trial concerning the use by the defense of the transcript of testimony given by Warriner before the grand jury.

The Paris Milling Co.

Put Your Coin in Envelopes.

We have been advised by Postmaster Earlywine, that he is in receipt of a communication from the Fourth Assistant Postmaster General that on and after February 15, 1910, it will be optional with rural carriers whether or not they accept loose coins placed in their boxes with letters to be mailed, but that such coins should be placed either in an envelope or in a receptacle provided by the manufacturer of many rural boxes for this purpose.

Hence if after above date coins are left in rural boxes where above conditions are laid out by the carrier so leaving them will be only acting under instructions from the Department and will be amenable to no blame therefrom.

This is made necessary to save time and to enable carriers to serve their routes upon schedule time, the department desiring patrons to provide themselves with stamps beforehand.

Change in Time on the F. & C.

Actress Lands Millionaire.

Formal announcement of the engagement of Miss Eleanor Robson, the actress, to August Belmont, a financier and millionaire turfman was made last night. The engagement has been reported on a number of occasions but always denied.

Listen to Percy.

Percy Haley talked politics in Washington Saturday where he is visiting Senator Paynter. He said that while Congressman Johnson's name had been mentioned as the Democratic candidate for Governor of Kentucky no one really knew who would be nominated. He thought Judge O'Rear would lead the Republicans. Another prediction Mr. Haley made was that Senator Paynter would succeed himself. Then Mr. Haley declared himself for Gaynor for President.

Edward B. Hager for Congress.

Hon. Edgar B. Hager, of Ashland, Ky., passed through this city Friday enroute from Frankfort to Cynthiana. Mr. Hager is again a candidate for Congress from the Ninth Congressional District. At the last Democratic Convention in this district it was generally conceded that Mr. Hager would be the next Democratic nominee without opposition and this should be the case. Edgar B. Hager to the minds of many of the best posted politicians in the Ninth District, is the only man that has a ghost of a chance to go to Congress on the Democratic ticket from that section. He is a true blue Democrat, eminently qualified for the position, popular and worthy. He is a man that would not only reflect honor upon himself, but upon his constituency. There have been several mentioned as candidates for the office but they will probably fade away when the time comes. If the Democrats of the Ninth are wise, Edgar B. Hager, of Ashland, will be the next Standard bearer.

AT THE BIG ELECTRIC SIGN

Willson to Spring a Surprise.

Gov. Willson has a surprise for the members of the Legislature and he is going to stir up a great deal of talk when he sends in his next message to the General Assembly. He will open the eyes of some of the members on a subject of the greatest importance to the people of the State and the message is being looked forward to with a greater interest than has been felt before regarding any of the messages of the Governor. Secrecy is being maintained regarding the message, and its contents are known to only a few of the Governor's closest friends, but it is said that it will be a really live message and will be a live news item when it is turned loose.

Farm Brings High Price.

The highest price ever paid for a Boyle county farm was received a few days ago when H. D. Stiles sold to J. A. Shuttleworth, of Louisville, his fine bluegrass farm, located on the Lebanon turnpike, about three miles from Danville for \$160 per acre. The tract of land contained 313 acres. Mr. Stiles bought this same farm from Mr. Shuttleworth just one year ago, and upon this resale made a profit of \$14,000 besides making \$3,000 during the past year from the cultivation of the land.

Not One Bill a Law.

The thirty-seventh legislative day of the present session of the Kentucky Legislature has passed and as yet not one bill has been passed by both houses and prescribed to the Governor. But fifteen days more remain till the rules committees in both houses take charge of all bills and decide what measures shall come to a vote. Of course a big lot of bills can be passed during the remainder of the session, but the House and Senate seem to be somewhat at cross purposes on many of the more important measures, which of course delays everything else.

From all indications the Arnett bill providing for a bond issue of \$500,000 will pass the Senate, but it is tacitly understood that the House will vote it down. In fact it has been openly stated that a poll of the House has been made and a considerable majority of the members declared they would not vote for the bond issue under any condition.

So far as the appropriation bills introduced call for sums aggregating over \$1,500,000 and with a deficit of about that sum in the treasury, the financial situation is indeed critical, especially if a considerable number of the appropriation bills pass. The Governor has already indicated that he will veto appropriations if no provision to pay them is made. That is why there might be an extra session.

More Strychnine Found.

That strychnine was found by Dr. Hektoen and Dr. Haines in the contents of the stomach of Miss Margaret Swope, a niece of the late Thomas H. Swope, and was revealed in a report from the two Chicago chemists, was brought out in Kansas City in the course of the deposition of John G. Paxton. Mr. Paxton said that strychnine had been "found in large quantities."
